

\*NOSTITZ [ ]

BGLA-14461, 15 June 1955, Fortnightly

According to UTILITY the KIRLMANNSEGG faction in Amt BLANK is pressing for the appointment of Herhardt von NOSTITZ, former C/S 2nd German Army, to the post. Von NOSTITZ has been connected with ZIPPER for 9 yrs but is a close friend of KIRLMANNSEGG. Formerly he was with SWAGNER in Bremen where he apparently maintained contact with some of the former German officers who were drawn into the BRUDERSCHAFT. Von NOSTITZ has been a British intercept target off and on for years; recently he made protests to both German and British officials with result, he believes, in a withdrawal of the intercept coverage. At present von NOSTITZ is employed by GWOLDMAN (i.e. SATURN) in Northern Germany. UTILITY's comments suggest that he does not consider the von NOSTITZ selection too serious and that he has by no means dropped his support of WIELAND for the post.
